

LAS CRUCES AND
MESILLA VALLEYLARGE SHIPMENTS
OF CRUCES FRUIT

Bartlett Pears Lead; Cantaloupes Plentiful; Melons Will Be Raised.

Las Cruces, N. M., Aug. 30.—The first large shipment of Bartlett pears from this valley has been sent to Houston. This was loaded by the Mesilla Valley Produce Exchange and is only the forerunner of hundreds of other cars of the same fruit which will be sent out of here within the next three years. A great many acres of land have been planted to Bartlett pears and more trees are being put in this fall. It has been found that the Bartlett pear does extremely well here—in fact, some people claim that it reaches its greatest perfection both in size and flavor in this valley. The trees are not subject to the blight which has ruined so many pear orchards in other localities and it is confidently stated that the next years will see 100,000 new trees planted on the ranches around Las Cruces. Until the Elephant Butte dam is completed the water question will be solved for orchards by the installation of pumping plants, which have already proved a success.

Other Fruit Shipped.
The Mesilla Valley Produce Exchange has been shipping a great many crates of cantaloupes by local express, some to El Paso, some to Albuquerque, and many to different parts of New Mexico along the Rock Island, Southern Pacific and the Santa Fe and its branches. Practically four car loads have been shipped, making altogether over 1600 crates. These shipments were entirely local express and are not to be confused with the many carloads that were shipped by refrigerator freight.

The exchange has also been shipping a great many crates of onions, all of them being the large white Spanish onion. One man, C. E. Locke, has sent a carload to El Paso, which netted him \$1.50 a hundred pounds.

When the complete returns are in for the Spanish onion crop, the result will be a surprise, as from all indications the net profit per acre will be very large. Next year there will be a larger acreage added for this crop.

COMBINATION OF
CRUCES BOOSTERS

Chamber of Commerce and Water Users' Association Will Combine.

Las Cruces, N. M., Aug. 30.—There is a move on foot here to combine the chamber of commerce and the Water Users' association into one organization for the purpose of boosting Las Cruces and the Mesilla valley to the fullest extent and to do it systematically. By the combination there could be enough money raised to employ an experienced secretary who could put in his whole time at the work.

MAY POSTPONE THE
GOOD ROADS MEET

Las Cruces Delegates Will Attend the Convention at Santa Fe.

Las Cruces, N. M., Aug. 30.—The good roads convention is scheduled to be held at Santa Fe on September 7, but owing to the fact that the territorial election for delegates to the constitutional convention is to be held on September 6, there is a move on foot to have the good roads convention postponed to a later date, so that all the delegates will be at liberty to attend. The delegates from here who have signified their intention of going are: H. D. Bowman, R. H. Sims, Nicholas Gales, R. E. McBride, H. B. Holt and W. A. Sutherland. Great

results are expected from this convention and especially for Dona Ana county, as heretofore the territorial appropriation for roads has not extended as far south as here. It is hoped and believed that the next legislature will make a substantial appropriation, both in cash and in convict labor, for this county so that work on the roads can proceed.

CATTLE ARE BEING MOVED
FROM THE ORGAN RANGES

New Grass Is Green But Cattle Men Fear That the Ranges Are Overstocked, So Stock Is Removed.

Las Cruces, N. M., Aug. 30.—Cowboys from the Bar Cross outfit above Rincon were in Las Cruces yesterday on their way to join the outfits from the Turner, Isaacs, Cox and other nearby cattle ranches in a general roundup of stock on the ranges between here and the Organ mountains. It is expected that the work will last not more than two weeks, as most of the cattle have been taken from these ranges to other points in Texas and New Mexico. The last rains have benefited the range country considerably, but the stockmen believe that it is best to reduce the number of cattle now being carried so that the grass which is now springing up will not be eaten off in too short a time.

Fall & Winter Modes

Announcement

The semi-annual Fashion Edition of The Herald will be published at an early date. Each spring and fall this edition carries to Herald readers complete information regarding all that is new in fashions for men and women.

This edition is compiled by the world's famous artists and fashion writers. It is the only edition of its kind compiled in the United States.

An Exclusive
Herald Feature

This Fashion Edition costs \$10,000.00 to compile. The Herald, being one of a chain of progressive newspapers throughout the United States, is enabled at a nominal cost to furnish the edition to its advertisers and readers. These editions in the past have been a forecast of the correct fashions for the season. The one for this fall is even better than any previously gotten out, judging from the advance proof sheets that have been received.

The Herald is now arranging to give the Fashion Edition an extra circulation of 4,000 copies, making a total circulation for the Fashion Edition of 15,000.

HEAVY RAIN FALLS
AROUND LAS CRUCES

Valley Is Soaked Well With a Rain That Lasts Several Hours.

Las Cruces, N. M., Aug. 30.—A heavy rain started at Las Cruces about 5 o'clock last evening and for two hours there was a regular downpour. This was accompanied by heavy thunder and intense flashes of lightning.

After the first two hours, the rain continued to a quiet, steady fall and continued so until late in the night, thoroughly soaking the ground.

Reports from Dona Ana, Organ, Leasburg and other Dona Ana county points indicate that the rain was of a general character and practically as heavy all over the county as here. Its value can scarcely be estimated, especially so far as the result on the cattle ranges and the fields of late corn.

The arroyos in this vicinity commenced running about 10 o'clock, evidencing the fact that the rain on the mesa land and in the foothills was very heavy. Unconfirmed reports from the northern part of the territory are that the rain was very heavy there, and if so, this will mean some water in the river.

LAS CRUCES DAILY RECORD.

Las Cruces, N. M., Aug. 30.—The following deeds and other papers of record have been filed in the office of the probate clerk of Dona Ana county:

NO MORE WATER CAN BE HAD
FROM THE RIO GRANDE NOW

Slight Rainfall at Leasburg Not Sufficient to Help Crops; Las Cruces Crops Are Suffering as a Result.

Las Cruces, N. M., Aug. 30.—The Rio Grande is again dry at the Leasburg dam, and there is no water in the ditches. From all that can be learned of conditions at the head of the river, it seems that there is no hope of more water unless heavy rains set in. Late corn is suffering greatly and alfalfa will not produce another cut. Gardening is practically all out of the way by this time but the scarcity of the water during the past two months worked sad havoc with the returns.

LAS CRUCES WATERMELON
CROP IS NOW EXHAUSTED

Last Water Rotted the Vines and No More Will Be Secured This Year for the Market.

Las Cruces, N. M., Aug. 30.—The watermelon crop of the Mesilla valley is a thing of the past. The last water in the river and ditches was so muddy that it rotted the melon vines and rotted what melons were already growing, so that the growers in this vicinity will be unable to supply any more for market.

DONA ANA COMMISSIONERS
MEETING IN LAS CRUCES

Las Cruces, N. M., Aug. 30.—The board of commissioners of Dona Ana county is holding its regular monthly meeting at the courthouse. Besides the regular routine business of the board, it is examining the books of the county assessor. There is a full attendance.

MANY POLITICAL MEETINGS.

Las Cruces, N. M., Aug. 30.—The political meeting held by the People's party at Mesilla last evening was attended by a large crowd of voters.

Las Cruces, N. M., Aug. 30.—The People's party of Dona Ana county held a meeting in the armory in this city last night, which was attended by a large crowd and addressed by a number of good speakers.

Las Cruces, N. M., Aug. 30.—A number of the prominent Republicans of Las Cruces went to Anthony last evening where they addressed a large meeting of voters.

CRUCES PASTOR ON VACATION

Las Cruces, N. M., Aug. 30.—Rev. J. P. Vaughn, pastor of the Presbyterian church in this city, left yesterday for a vacation of several weeks. He went from here to El Paso and from there will make a trip to the City of Mexico. His wife has been in Colorado for the past few weeks and will probably stay in the mountains of that state until Mr. Vaughn returns.

LAS CRUCES HOTEL ARRIVALS.

Las Cruces, N. M., Aug. 30.—At the Don Bernardo: T. H. Dutter and wife, Albuquerque; Jose Auna, Deming; H. L. Gales, El Paso, Wm. H. Weinberg.

DOCTORS OF MEXICO
WILL CONVENE HERE

American Physicians in the Republic to Hold Convention During Fair.

Juarez is to have a convention, in name, if not in reality. Members of the International Medical association of Mexico, an organization of American physicians of the republic, will meet here the first week in November. It will be the first convention of that association to be held in this section.

Although the meeting in name will be held in Juarez, it is understood that the delegates will convene in El Paso. There are about 200 members of the society, and usually from 50 to 75 persons attend the conventions. Dr. C. E. Husk of Santa Barbara, Chih., is president.

Members of the El Paso County Medical society will entertain the visitors, many of the local physicians ranking as honorary members pro tem of the Mexican association. The convention will be divided into three sections, medicine, surgery and specialties. Subjects of special interest to physicians of Mexico, such as diseases of semi-tropical countries, will be discussed.

PERSONALS.

Thos. W. Neaton is back from a purchasing trip to the eastern furniture markets.

W. P. Dent, examiner of titles of the reclamation service, went to Selden, N. M., on business Monday morning.

H. J. Bishop and wife and H. J. Bishop, jr., left for their home in Douglas, Ariz., on the drummers' special Sunday night.

Mr. and Mrs. P. H. Curran and judge J. E. Bowen and family are among the El Pasos spending the summer at Fairwood Hot Springs.

Swan T. Olsen, special fiscal agent of the reclamation service, has returned to his duties at the local reclamation service office, having recovered from an attack of mountain poisoning.

Mr. and Mrs. George Lee of Houston are in the city visiting at the home of Mrs. Lee's brother, G. A. Martin, 514 Corto street. Mrs. Lee is also a sister of Roy Martin, assistant city passenger agent of the G. H. railroad.

HOW TO GET INSTANT RELIEF
From Itching Skin Diseases

An inflammation of the skin caused by the presence of a tiny mite which burrows in the skin, causes the itching in Eczema, Tetter, Acne, Itching scalp and feet, Erythema and the many other forms of skin diseases. Scratching does not relieve nor cure—it only aggravates the case and makes it worse. There is only one way to cure—kill the mite and so remove the cause. Little's Liquid Sulphur Compound gives instant relief the first application and in a short time kills the mite and gives a permanent cure to every form of skin trouble. Sample bottle postpaid for 10c. Rhuma-Sulphur Co., St. Louis.

WINGO RETURNS.

T. M. Wingo, president of the American National bank, is back from California, where he has been spending a month with his family. He did not hear of the fire in the Buckler building and the loss of all the furniture of the bank until four days after the fire. He was in camp in the mountains of California and received the news in the clippings which Mrs. Wingo sent him by stage from Ocean Park.

VALUABLE JEWELS SEIZED
FROM A RICH WOMAN

New York, Aug. 30.—Although charged specifically with bringing into this country a pearl necklace, a gold purse and a lace mantle, valued in all at \$5000, Mrs. L. Reynolds Adams, of Poughkeepsie, N. Y., must explain where she bought other jewelry valued at more than \$100,000 before she is out of the customs net.

According to a statement made at collector Look's office, jewels with a total value of \$115,000 were found on the woman's person and seized, while from her daughter, Marjorie, a \$2000 pearl necklace was confiscated and a third necklace was taken from Mrs. Mary H. Doughty, a traveling companion.

MAYOR ENDEAVORS TO ASCERTAIN
POSSIBILITY OF CUTTING EXPENSES

Mayor C. E. Kelly is making a study of the different departments of the city administration, with a view to ascertaining if there is any way by which the expenses of the city can be reduced. The mayor denies that he has decided to reduce the force in any one department, but says he is studying the situation with a view to general reductions.

ESTRADA IN OFFICE AS
PRESIDENT OF NICARAGUA

Managua, Nic., Aug. 30.—Provisional president Juan Estrada has arrived here. Arm in arm with Gen. Chamorro, and accompanied by 15,000 persons, all of them cheering madly, the new president marched to the palace. Shortly afterwards a new cabinet, all the members of which enjoy public confidence, was appointed.
